## Finding a Book which you can Read yourself

- Choose a book you think you will like to read.
- Find a page with lots of words on it. Sometimes you need to look at two pages.
- Look at the words.
- If you find a word you don't know. Put your thumb down.
- If you find another word you don't know put a finger down.
- Each time you find a word you don't know put down a finger.
- At the end of the page if all four fingers and your thumb are down the book is too hard.
- Try another book.
- Remember librarians want to help you find a book that is just right.
